The Story of Ali Baba: A Complete Retelling for Children

Long ago in a Persian town, there lived two brothers named **Ali Baba**and Cassim. Ali Baba was a poor woodcutter who worked hard every day chopping wood in the forest to feed his family. His brother Cassim, on the other hand, had married a wealthy woman and lived in a large house with servants, fine carpets, and plenty of gold. Despite their different fortunes, the brothers cared for one another, though Cassim often looked down on Ali Baba for his simple life.

One afternoon, while Ali Baba was gathering wood in the forest, he heard the thunder of hooves in the distance. Fearing bandits, he quickly climbed a tall tree and hid among its thick branches. From his hiding spot, he watched a group of forty fierce-looking men ride up to a massive rock face nearby. Their leader, a tall man with a black beard and a commanding voice, dismounted and approached the rock. Then something extraordinary happened.

The leader called out in a loud, clear voice: **"Open Sesame!"**

To Ali Baba's amazement, a hidden door in the rock swung open, revealing a dark cave. The forty men carried heavy saddlebags inside, stayed for a while, and then emerged. The leader once again spoke the magic words: **"Close Sesame!"** The door sealed shut behind them, and the riders disappeared into the forest.

Ali Baba Discovers the Secret Cave

After the thieves had gone, Ali Baba climbed down from the tree, his heart pounding with curiosity. He approached the rock face and, remembering the strange words, said, **"Open Sesame!"**The door swung open instantly. Inside, he found a cave filled with unimaginable treasure: piles of gold coins, silk fabrics, jeweled swords, silver goblets, and chests overflowing with precious gems. This was the thieves' secret hideout, where they stored all the riches they had stolen over the years.

Ali Baba, being an honest man, did not want to take more than he needed. He filled his saddlebags with just a few bags of gold coins, enough to provide for his family, and then left. He spoke **"Close Sesame!"**and the door sealed shut. Then he hurried home, hardly believing what had just happened.

When his wife saw the gold, she was overjoyed but also worried. She wanted to know exactly how much they had, so she went to borrow a measuring cup from Cassim's wife. Now, Cassim's wife was a nosy and curious woman. She wondered why poor Ali Baba's wife would need a measuring cup. To satisfy her curiosity, she secretly rubbed some sticky honey on the bottom of the cup.

When the cup was returned, a single gold coin was stuck to the bottom. Cassim's wife's eyes went wide. She ran to her husband and exclaimed, "Your brother is richer than you think! Look what was stuck to the cup!"

Cassim's Greed Leads to Trouble

Cassim confronted his brother, and poor Ali Baba, wanting to be honest, told him everything about the cave and the magic words. Cassim immediately set off for the forest with a mule and ten large chests, intending to take as much treasure as he could carry. When he reached the rock, he called out, **"Open Sesame!"** and rushed inside.

Inside the cave, Cassim was overwhelmed by greed. He threw gold and jewels into his chests, piling them higher and higher. He worked for hours, forgetting about time. But when he finally tried to leave, his mind went blank. He had heard the magic words from Ali Baba, but in his excitement, he could not remember them. He shouted, **"Open Barley!"** but nothing happened. He tried, **"Open Wheat!"** Still, the door would not open. He shouted every grain he could think of, but none of them were "Sesame."

Meanwhile, the forty thieves returned to the cave. They found Cassim trapped inside. In a flash, the angry thieves killed Cassim for his greed and left his body inside the cave as a warning to anyone else who might try to steal from them.

When Cassim did not return home, his wife grew worried and sent for Ali Baba. Ali Baba went to the cave, spoke the magic words, and found his brother's body. Heartbroken, he carried Cassim home and arranged for a proper burial, all while keeping the secret of the cave to protect everyone involved.

The Cleverness of Morgiana: A Heroine Kids Will Love

One of the most exciting parts of **Ali Baba And The Forty Thieves Story For Kids** is the introduction of **Morgiana**, a smart and loyal servant in Cassim's household. After Cassim's death, Ali Baba took Morgiana into his own home, and she quickly proved to be invaluable.

The forty thieves, realizing that someone else knew their secret, set out to find and eliminate whoever had entered their cave. Their leader devised a cunning plan. He disguised himself as an oil merchant and approached Ali Baba's house, asking for shelter for the night. He brought with him forty large oil jars. But here is the twist: hidden inside thirty-nine of those jars were the thieves themselves, armed and ready to attack at midnight. Only one jar actually contained oil.

Morgiana, ever observant, noticed that something felt wrong. She saw the flicker of movement in one of the jars and heard faint whispers coming from the others. Instead of panicking, she acted quickly and cleverly. She boiled a large pot of oil and poured it into each jar one by one, defeating the hidden thieves before they could strike. Then, when the leader came to call his men, he discovered they were all gone. Furious and defeated, he fled into the night.

The Final Confrontation and Morgiana's Triumph

But the leader of the forty thieves was not ready to give up. He returned to the town disguised as a merchant and befriended Ali Baba's son, hoping to gain access to the house. He was invited to dinner, and during the meal, **Morgiana** recognized him by the dagger hidden beneath his robe.

Once again, Morgiana used her quick thinking. She dressed up as a dancer and performed a traditional dagger dance for the guests. As she twirled and moved closer to the merchant, she plunged her dagger into his heart,

saving Ali Baba's life for the second time.

Ali Baba was stunned, but when Morgiana explained who the merchant really was, he understood. He was deeply grateful. In recognition of her courage and loyalty, Ali Baba gave Morgiana her freedom and arranged for her to marry his son. The treasure from the cave was used wisely and shared with those in need, and Ali Baba lived the rest of his days in peace and prosperity.
