The Origins of Soul Contract Teachings

The concept of soul contracts is not new. It appears in various forms across many spiritual traditions. Ancient Hindu and Buddhist philosophies speak of karma and samskaras, which are subtle impressions that shape the soul's journey. How Soul Contracts Are Formed

Soul contracts are formed in the interval between lifetimes, often in a state of expanded consciousness where the soul sees its past experiences and future possibilities with clarity. Key Factors in Contract Formation

- Relationship Agreements: You make pacts with other souls to play specific roles in each other's growth.
- Timing Windows: Certain life events are scheduled for optimal learning and healing.
